## DETAILED ACTION

### ***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 1-4-2006 has been entered.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-8 and 10-13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Independent claims 1, 10 and 12 recite "setpoint speed", "actual speed", and later refer to "speeds of other rollers"; however, it is not clear whether the claims are referring to "setpoint speed", or "actual speed" of other rollers. Applicant is requested to consider use of the phrase, "independent of actual speeds of other rollers on the test bench".

Independent claims 1, 10 and 12 recite, "controlling the roller to a result of the comparison", "means for controlling the roller to a result of the comparison", and "a controller that controls the roller to an output from the comparator". The use of the word "to" in the claims is unclear. Applicant is requested to consider the phrase, "controlling the actual speed of the roller based on a result of the comparison".

***Allowable Subject Matter***

Claim 9 is allowed.

The following is an examiner's statement of reasons for allowance:

As stated in the Office Action dated 1-3-2005.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Additionally, claims 1-8 and 10-13 would be allowable if the rejections recited above are overcome in the manner described.
